Using tricky word no and yes, please can you read and write the answer to these questions?

Can a hen peck?

Can dogs yap?

Is a lemon red?

Adults, can you ask your child to help you write the sentence "The van will chug up the long hill". Ask them to segment the sounds for spelling and remind you what makes a good sentence (capital letters, finger spaces, full stop, does it make sense). If they prefer, they can write it themselves with your support.
